SUBJECT: *Forsyth Pricing*

As a result of our new PARTNERS program, the Forsyth price sheets for Direct and Indirect accounts have been revised (see attached). These new price sheets do not include a payment amount for the new PARTNERS program. It is important to not show this PARTNERS payment to our non-direct retail accounts so our Forsyth pricing structure is not misunderstood by these customers and we do not expose our distributor incentives.

For direct chains, their potential PARTNERS payment can be discussed as a second piece of your presentation utilizing the new materials distributed in the meetings last week.

It is recommended that these price sheets be used for all of our Forsyth customers. Please share these new price sheets, and this approach, with your RJR Field contacts as soon as possible.
